GRADE →	

1. Total of end of page totals	
2. Aggregate total of all disallowed question(s)	
3. Total mark awarded (1 minus 2)	
4. Bonus mark for answering through Irish	
5. Total mark awarded through Irish (3+4)	

Note: The mark in row 3 (or row 5 if an Irish Bonus is awarded) must equal the mark in the **Total Mark** box above.

Introduction

- The marking scheme is a guide to awarding marks to candidates' answers. It is a concise and summarised guide and is constructed in a way to minimise its word content.
- Assistant Examiners must conform to this scheme and may not allow marks for answering outside the scheme.
- The scheme contains key words or phrases for which candidates may be awarded marks. This does not preclude synonyms or phrases which convey the same meaning as the answer in the marking scheme.
- The scheme may include the words "any valid answer" and the Assistant Examiner will use his/her professional judgement to determine the validity of the answer. If in doubt, he/she should consult with his/her Advising Examiner before awarding marks.
- Where it comes to the attention of the Assistant Examiner that a candidate has presented a valid answer and there is no provision in the scheme for accepting this answer, then he/she must first consult with his/her Advising Examiner before awarding marks.
- The detail required in any answer is determined by the context and the manner in which the question is asked and by the number of marks assigned to the answer in the marking scheme. Requirements may therefore vary from year to year.

SECTION A **80 marks**

80

Answer 16 (sixteen) of the following questions. All questions carry equal marks.

1. List **two** sources of fibre in the diet.

5

(i) wholemeal bread, wholegrain breakfast cereals (ii) fruit, vegetables

(ii) *promote brand names*

(iii) *increase sales of a product / service*

(c) Describe **two** advertisements that you consider to be effective. (2 x 3)

(i) *accept any two advertisements*

6

(ii)

(d) Explain why you consider the advertisements you have described to be effective. (2 x 3)

(i) *captures attention, creates desire*

6

(ii) *keeps one interested, persuades the buying of a product / service*

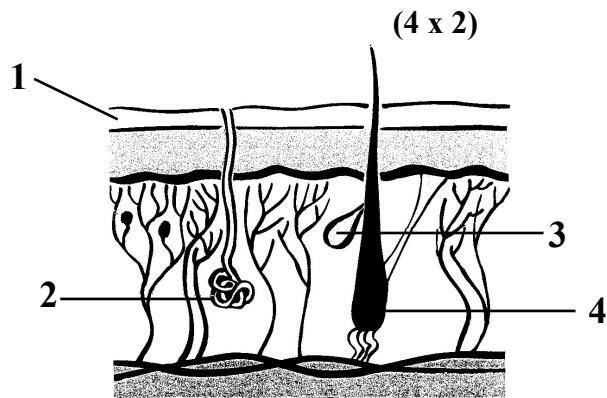

4. (a) Give three functions of the skin. (3 x 3)

- (i) protects the body from micro-organisms, removes waste in the form of sweat
- (ii) controls body temperature, allows feelings of heat, cold, pain, touch
- (iii) Vit D is made by sunlight on skin

9

(b) Name the parts of the skin labelled **1, 2, 3** and **4**.

1. epidermis
2. sweat gland
3. oil gland
4. hair root

(c) Choose the correct word from the following list to complete each of the sentences. (5 x 3)

deodorant acne sweat glands vitamin D skin cancer

during

- (i) The use of deodorant helps prevent body odour.
- (ii) vitamin D is created by the action of the sun's ultraviolet light on the skin.
- (iii) Too much exposure to the sun may cause skin cancer
- (iv) acne is a skin condition that is fairly common during adolescence.
- (v) sweat glands remove water, salt and other impurities from the blood.

(d) List four guidelines that should be followed when caring for the skin. (4 x 2)

- (i) wash and dry hands and body regularly, use warm water and gentle soap / gel
- (ii) wash hair regularly, rinse thoroughly, use moisturiser / hand cream
- (iii) shower after strenuous activity, use anti-perspirants / deodorants
- (iv) eat a healthy diet, drink plenty of water, avoid too much sun

5. (a) List **four** points that should be considered when choosing a refrigerator for use in the home. **(4 x 3)**

- (i) *size – large enough to suit the family*
- (ii) *space – ensure there is enough space in cabinet, it fits into space*
- (iii) *cost – consider energy efficiency, features, type*
- (iv) *guarantee / after-sales service*

- (b) Give **three** advantages of using a refrigerator. **(3 x 3)**

- (i) *Stores perishable foods, helps reduce risk of food poisoning*
- (ii) *food stays fresh longer, reduces waste of leftover food, fewer shopping trips*
- (iii) *chills foods, frozen foods may be stored in icebox*

- (c) List the guidelines that should be followed when:

- (i) **storing food in a refrigerator** *cover food to prevent drying out, all foods should be clean and cool, store in the correct positions, allow space for air circulation, keep door closed* **(1 x 5)**
- (ii) **cleaning a refrigerator** *remove all food and removable parts, wash inside with bread soda/warm water solution, rinse and dry, replace shelves and food wash outside with warm water / washing up liquid, rinse and dry well* **(1 x 5)**

- (d) Name **three** different foods that are stored in a refrigerator and suggest a **different** type of packaging suitable for **each** food you have named.

FOOD (3 x 1)	TYPE OF PACKAGING (3 x 2)
(i) <i>milk</i>	(i) <i>waxed carton, glass bottle</i>
(ii) <i>meat</i>	(ii) <i>tinfoil</i>
(iii) <i>lettuce</i>	(iii) <i>plastic bag</i>

6. (a) Suggest **three** uses of textiles in the home. (3 x 3)

(i) *soft furnishings – curtains, cushions, rugs, wall hangings*

(ii) *bed linen – sheets, duvets, throws, table linen, towels*

(iii) *carpets, upholstery – sofa, chair seats, armchairs*

(b) List **three** points that should be considered when choosing textiles for soft furnishings. (3 x 3)

(i) *function – cushions should be soft / comfortable*

(ii) *easy to clean*

(iii) *hardwearing, cost, colour, pattern, texture*

(c) Why are soft furnishings used in the home? (2 x 3)

warmth

comfort, style, taste, attractive

privacy

(d) Name, sketch **and** describe a household item you have made as part of Textile Studies

Name (2) *household item*

Description (6)

expect reference to colour, design

any decorative features and

stitches used

Sketch = (5)

Must be labelled

(e) Name the fabric / fabrics you used to make the household item.

accept an appropriate fabric / fabrics
