

Choose a room in your home.

Room: _____

1. Identify five different materials around the room.

--	--	--	--	--

2. Examine the door handle in the room.

Draw a picture of the door handle.	
What material is it made from?	
Describe the door handle – colour and shape – is it warm/cold, rough/smooth, soft/hard, flexible/stiff, magnetic/non-magnetic.	

3. Choose an object and tick the corresponding properties.

Object	Material	Natural	Manufactured	Magnetic	Flexible

4. Choose a place in your home and create your own materials trail.
