

# Team Teaching A PME's Perspective ....

*Jason Sheerin PME 2.*

*Scoil Mhuire, Trim*

## Who was involved?

Myself and my co-operating teacher, team thought Transition Year students for a double period every Tuesday. The module was Mini Company.

## Resources drawn on and developed?

My co-operating teacher had superb prior knowledge of teaching the module, so knew the standard required by students. I brought knowledge gained from my studies in PME in Maynooth University. I also used the knowledge I have gained over the last eight years of running my own business.
