

TY Business - Team Teaching

Patricia Farrell Coláiste na hInse

My experience

My experience of team teaching, takes place with a TY business Mini company class. My role within this class is to assist the students and the teacher, help those who are struggling, and to check in with all of the mini companies to make sure their reports were kept updated. Also to act as another set of eyes in the room.

Student views

'It's great having two teachers in the room, especially if you need help you can get it without causing the class to stop'

Challenges

Time to plan
Student confusion
Power struggles

The Benefits for teachers and students

Student views

'It keeps you focused having two teachers in the room'

More aware of student progression as both monitoring all students.

No student is left behind.

More help available

More likely to remain on task.
