

Primary PE Workshop

Developing Physical Literacy through Creative Dance

If I can move, I can dance!

In this workshop participants will explore a diverse range of creative dance activities suitable for all class levels. The workshop will include warm-up activities, cross curriculum and creative dance links as well as musical appreciation and rhythm. Use of the PDST Move Well, Move Often resource will infuse the workshop to afford participants the opportunity to embed fundamental movement skills into creative dance. Participants' level of dance ability is irrelevant for this workshop - everybody is welcome! Book your space now at www.pdst.ie/onlinebooking
