

**What did you do that helped you understand the problem?**

**How did you evaluate your answer?**

**How did you decide what to do?**

**Classroom Discussion approach  
to Problem Solving**

**Can something you did here help you solve other problems?**

**Did you try something that didn't work? How did you figure out it was not going to work out?**

**Was there something in this problem that reminded you of another problem we've done?**

**Did you find any information you didn't need? How did you know that the information was not important?**
