

# Team/Collaborative Teaching and Learning – a Reflection

Mr Edmond Behan and Mr Sean Brilly – Scoil Mhuire Community School, Clane, Co Kildare

## Teachers' Reflections on Collaboration

### Teachers need:

- Knowledge and positive attitudes towards collaboration
- Skills of reflective communication, for working with others
- Need to enhance their negotiation skills to deal with conflict
- Need to have the motivation to work together and to succeed together

### Collaboration is:

- Cycle of planning, informed action and reflection
- The reflective process generates a greater understanding of what works best

## Students' Reflection on Team Teaching

- Helps me understand
- I feel more confident
- I am more comfortable in class
- Don't have to wait as long to ask questions
- More active in class
- More informative
- Easier to understand
- Class moves faster
- That extra attention
- My opinion matters
- Felt a responsibility to contribute
