

The Effects of Team Teaching From a PME's Perspective

Natasha Collins & Shane Creevy
Tullamore College

PROS

- **Support in the classroom:** knowledge and classroom management.
- **Differentiation tasks are more effective.**
- **Different teaching styles:** cater to more learning styles.

CONS

- **Difficult to find time to plan lessons together,** can stress teacher relationships..
- **Little time for reflection after lessons.**
- **Students can become confused about who their teacher is.**

Need good communication between teachers

Boundaries need to be set between teachers

Team teaching is more effective with weaker students

Team teacher should have adequate subject knowledge.

Students need to be informed.
